Factor Track game

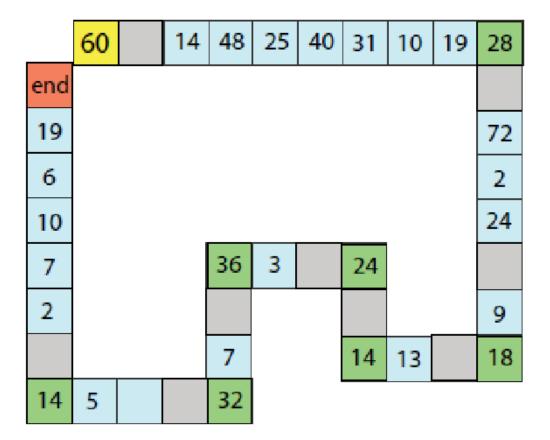

Rules:

You can move any factor, except 1, of the number you are on.

You start on the [yellow] 60 and make your way round to the [red] 'end' square.

You may not go round corners so you must get exactly to a green(corner) square

Challenge: Find the shortest possible route to reach the end following the rules.

	60		14	48	25	10	45	31	19	28						
end																
19										72						
6				54	3		81			2						
10							19			36		46	15	28	23	56
2				87			23									
7				11						9						55
